

RENAL ESSENTIALS PRO

Renal Essentials Pro is a superior kidney support formula that helps promote optimal kidney function during times of stress.

Helps maintain proper kidney function by supporting:

- » Renal circulation
- » Immune and antioxidant defense system functions
- » Homocysteine balance
- » Normal fluid retention
- » Stress management
- » Kidney and liver function
- » Normal detoxification

Astragalus Root Powder is an adaptogen that supports immune function and kidney circulation.

Rehmannia is a Chinese herb traditionally used as a blood tonic and to support urine flow. It is said to be the "kidney's own food." It is an adaptogen that supports kidney circulation, as well as kidney and liver function.

Nettle (*Urtica dioica*) Seed Extract supports the immune system, circulation, normal detoxification functions, and balanced fluid retention.

Cordyceps Sinensis Extract is an adaptogen and antioxidant. It supports immune system function, energy production, normal kidney detoxification and function.

Vitamin B1 is an antioxidant that supports efficient kidney circulation and the metabolism of fats, carbohydrates, and proteins for proper energy production.

Vitamin B2 is found in the largest concentrations in the liver, kidney, and heart. It is an antioxidant that supports metabolic activity for optimal energy production and the removal of unwanted materials from the kidneys. The B vitamins together may help reduce oxalate problems in the kidney and decrease fluid retention. B vitamins are water-soluble and are not properly recycled in times of kidney distress, and supplementation may be beneficial.

Folic Acid, DMG, Vitamin B2, Vitamin B12 and Vitamin B6 help to support circulation, methylation, and sulfuration pathways.

Potassium is important for mineral balance and water absorption.

L-arginine is an amino acid that supports kidney function and circulation.

Lecithin may help protect the kidneys from fatty build up.

Choline and Inositol are phospholipids that support normal fluid retention.

DMG, EPA, and DHA support immune function, balance eicosanoid production, and support blood flow to the kidneys.

CANINE FORMULA

ALL WEIGHT RANGES

7 DAYS A WEEK 

PRODUCT DETAILS:

Renal Essentials Pro is recommended to support and maintain proper kidney function and mineral balance.

60 CHEWS 

DIRECTIONS FOR USE:

- 0-30 lbs: 1 chew daily.
- 31-60 lbs: 2 chews daily.
- 61+ lbs: 4 chews daily.

If giving more than 1 chew, divide between AM & PM.

Active Ingredients Per Chew:

Astragalus Root Powder	120 mg
Rehmannia glutinosa (Root) Extract	100 mg
Nettle (<i>Urtica dioica</i>) Seed Extract	100 mg
Cordyceps sinensis Extract	100 mg
Lecithin	100 mg
L-Arginine	100 mg
N,N-Dimethylglycine (DMG) HCl	50 mg
Eicosapentaenoic Acid (EPA)	45 mg
Docosahexaenoic Acid (DHA)	30 mg
Potassium (K Citrate)	16.5 mg
Inositol	16 mg
Pyridoxal HCl (Vitamin B6)	16 mg
Thiamine (Vitamin B1)	8 mg
Riboflavin (Vitamin B2)	8 mg
Choline Chloride	8 mg
Folic Acid	0.30 mg
Methylcobalamin (Vitamin B12)	0.10 mg

Inactive Ingredients: arabic gum, brewers yeast, calcium sulfate, chicken liver flavor, citric acid, citrus pectin, fish oil concentrate, glycerin, maltodextrin, mixed tocopherols, oat flour, oat meal, propionic acid, rosemary extract, rye flour, silicon dioxide, sodium alginate, sorbic acid, soy lecithin, vegetable oil, water.
