CANINE SUPPLEMENT

**ALL
WEIGHT
RANGES**

7 DAYS A WEEK

Canine Multi Pro™ contains a comprehensive complex of vitamins, minerals, essential fatty acids and probiotics which can help maintain peak condition in dogs of all ages. Fatty acids are important for healthy joints, while probiotics help maintain proper gut flora and digestive function. Canine Multi Pro™ also contains the superfood nutrition of carrots, alfalfa and kelp.

DUCK FLAVOR

RECOMMENDED FOR:

- › Overall physical well-being
- › Dogs on raw diets
- › Dogs on homemade diets
- › Recuperating dogs in need of additional nutritional support

Canine Multi Pro™ for dogs provides a comprehensive balance of vitamins, minerals, essential fatty acids and probiotics which can help maintain peak condition in dogs.

Formulated with the superfood nutrition of carrots, alfalfa and kelp, these chews are designed to help maintain the overall physical well-being of your dog, no matter his size, age or breed. Our **Canine Multi Pro™** is also an excellent addition to homemade and raw diets offering complete daily nutritional support for your dog.

Canine Multi Pro™ contains 30 nutrients not always found in commercial dog foods or ordinary multivitamins.

- › The inclusion of the probiotic *Bacillus coagulans* aids in maintaining the proper balance of healthy gut flora and digestive function. This strain of probiotics is the only strain stable enough to be viable in a soft chew.
- › A complete and balanced blend of B vitamins supports mood, memory and cellular metabolism – critical to aging dogs.
- › Vitamin D3 (the usable form of vitamin D for dogs) is essential for healthy bone formation, nerve function, and muscle control.

INGREDIENTS OF INTEREST:

- › Antioxidants such as A, C, E, and selenium provide antioxidant support for a healthy immune system.
- › EPA and DHA from fish oil provide high levels of omega 3 fatty acids to support skin and coat health and normal brain development and function, as well as joint, eye and heart health.

Canine Multi Pro™ is powered by whole-food ingredients such as sweet potato, alfalfa, kelp and carrots, which naturally provide vitamins, minerals and antioxidants, along with prebiotic fiber.

FEEDING DIRECTIONS:

0-30 lbs:..... ½ chew daily
 31-60 lbs:..... 1 chew daily
 61+ lbs:..... 2 chews daily
